

SONOVOID®

ROUND

void form
conical end closures

**Safe, practical alternative
to traditional end closures**

Sonovoid® round void form conical end closures

Applications:

Sonotube® void conical end closures are ideal for the precast concrete industry.

Sizes:

End closure sizes range from 6" OD to 24" OD.

Custom sizes available.

Key benefits of conical end closures:

- Lightweight for low freight cost.
- Made from plastic and will not rust or disintegrate.
- Require minimum labor, saving you time and money.
- Easy to install.
- Stackable and nestable, saving you storage space.
- Longer lasting and more efficient than metal or wood ends.
- Open ended to allow for ventilation of gases.
- Available in both conical and flat shapes.

“Sonoco’s new end caps have saved Standard Concrete considerable time, effort and money.”

*Kurt Podoll
Standard Concrete*
